

# TYPHOON

## Save 45% on The Ultimate Blow Gun!

### Typhoon Blow Gun

IBS No. 130516

Our most powerful blowgun. Perfect for high-volume industrial cleanup and blow-off operations. Delivers 34 CFM maximum blowing volume with a thrust of over 2 pounds at 125 psi.

- **Tapered high-flow tip** allows access to hard-to-reach areas for more thorough and complete cleanup saving users time and money.
- **Light-weight and ergonomic design** provides more comfort for users, making them more productive and less likely for fatigue and injury.
- **Meets OSHA standard 1910.95** for noise levels and standard 1910.242B for dead-end pressure to keep users safe and reducing injuries.
- **Variable flow trigger** for controlled blow-off allows for minimum or maximum pressure in areas where gentler or stronger pressure is required, avoiding damage or over-blowing keeping debris better contained for less mess and faster cleanup – saves users time and money.
- OSHA 1910.242B, OSHA 1910.95

### MATERIAL SPECIFICATIONS

**Body:** Aluminum

**In Port:** 1/4" NPT female thread

**Tip:** Aluminum with black anodized sleeve

**Trigger:** Glass filled nylon
