

ELLIPSE

LIGHTWEIGHT COMFORT TECHNOLOGY

- Revolutionary, feather-light safety eyewear, weigh just **19.3 grams** — one of the lightest safety glasses around for the most comfortable fit; encourages users to wear safety glasses for better safety compliance.
- **Longer temple tips** engineered to reach farther around the head dissipate pressure and **reduce fatigue** for longer wear; promotes safety compliance.
- **Soft rubber temples** keep safety glasses in place without slipping for additional **comfort** and convenience.
- Available in the **NEW FX3™ Premium Anti-Fog** lens option, a longer lasting, more superior anti-fog solution. **Longer-Lasting Effectiveness:** Adheres longer than water based coatings, and stands up to multiple lens cleanings. **Greater Scratch Resistance:** Stands up to scratching **8X** better than standard anti-fog coatings.
- Independently tested and certified by Underwriters Laboratories to meet **ANSI Z87.1+** and **CSA Z94.3** standards. Meets ballistic impact resistance requirements for eyewear in **US Military Performance Specification MIL ORF-32432 (GL)**.
