

# INTRODUCTORY OFFER

**FREE MULTI-TOOL with 2 BOXES OF IBS GORILLA FLAP CERAMIC DISCS**

## Gorilla Flap Ceramic Discs New Technology from IBS!

The IBS Gorilla Flap Ceramic Disc outperforms similar products in speed and life!

- **High Performance Grinding Technology and Grain** results in **200% more stock removal** and **more than twice the life** than similar flap discs on hard materials, making this disc more effective, saving time and money.
- **Lower profile** allows this disc to fit under the safety guard for safer operation.
- **The advanced abrasive grain makes it 50% more productive in stock removal rates** compared with reinforced grinding wheels – meaning less changeouts saving time and money for the user.
- The **combination** of extremely **high stock removal + long service life + lower profile** means **REDUCED labor, inventory and injury**.

**FASTEST STOCK REMOVAL**

**NEW!**

Removal Rate on Stainless Steel

As the chart shows, zirconium flap discs begin to fail on harder materials such as stainless steel after only the third use while the Gorilla Flap Ceramic Disc continues to perform long after the zirconium disc wears out.
