IBS COMPACT MULTI-TOOL WITH PURCHASE!

IBS COMPACT MULTI-TOOL

Compact multi-tool is a must-have for everyday carry. Better yet, having it easily accessible is a bonus. The **IBS COMPACT MULTI TOOL** was designed to be your clutch in unexpected events when you find yourself needing a tool. On the other hand, this multi-tool can also be applied in every day tasks or while at work. Including a key chain and black nylon pouch so that you can easily have 11 tools within reach at all times.

NITRO-CARB QUICK-CHANGE HEX SHANK DRILL BITS

A new version of our best-selling Nitro-Carb Mechanic's Length Drill Bit, featuring the convenience of a quick-change hex shank.

- One Piece Machined Shank (bits larger than 1/4") — larger bits encounter more torque to withstand. Competitor bits have cast shanks that do not stand up to the force and constant use.
- All metal, welded shank design (bits 1/4 and smaller) — Competitor bits have cast shanks for all sizes. The all metal welded shank reduces the chance of bit failure and eliminates the possibility of bit slippage in a casted inferior shank.
- Drill is a mechanic length with a quick release shank.
- Special Hi-Molybdenum 135° split point for fast penetration and accurate starting without center punch.
- Especially designed for hand-held drills.
- Recommended for use in work hardening grades of stainless steel and other hard metal drill applications.
- Quick release eases changing of cutting tools.
