### **DURA-INK 5 EXTENDED MICRO TIP MARKER IBS No. 96520**

The DURA-INK® 5 is a permanent ink marker that uses an extended micro tip for precision marking needs and is ideal to use through drill holes, mounting brackets, or in any hard to reach area. The industrial strength ink dries quickly on almost any surface and is wear and weather resistant.

- Extended nose is ideal for marking through holes and hard-to-reach areas.
- Micro-tip for precision marking on small surfaces.
- Industrial-strength ink is smear and water-resistant for longer lasting marks.
- Durable plastic barrel and metal tip reduce breakage on the job site or in-plant.
- Built-in clip-cap stores conveniently on back and prevents marker from rolling off work surfaces.
- Xylene-free ink eliminates health concerns.
