

SPHAG SORB

ENVIRONMENTAL ORGANIC ABSORBENT

BUY 2, & GET A 3RD* HALF PRICE!

WHAT IS SPHAG SORB?

Wet weather brings a wide range of challenges and Sphag Sorb is the perfect product to have around in cold, wet weather.

- SPHAG SORB is a natural absorbent made of 100% sphagnum peat moss.
- SPHAG SORB absorbs 10X as much as clay granules. A 23 lb. bag of Sphag Sorb (2 cu ft) is able to absorb the same amount as 200 lbs. of clay.
- Because 1 bag of SPHAG SORB can replace 5 bags of clay, it frees up more than 80% of the storage space. Plus, it's easier to handle than 5 bags of clay.
- Sphag Sorb is non-leaching — it actually absorbs the liquid into the peat fibers and will not release.
- Flammable vapors reduced by 90%!

LOOSE FILL BAGS

3/4 CU FT BAG IBS No. SS-3/4

1 CU FT BAG IBS No. SS-1

2 CU FT BAG IBS No. SS-2

2 CU FT BAG with MICROBES
IBS No. SS-2ME

PADS & SOCKS

18" X 18" SPHAG PAD
IBS No. SS-PAD
