IBS Microfiber Towels are **thicker** and **heavier** than other microfiber towels on the market making them more effective and longer lasting.

- **Sturdy microfiber material** outlasts and outperforms cotton cloth towels for superior performance
- **Machine washable** and **reusable**.
- **Moisture wicking open fibers** are more absorbent than cotton or paper towels for faster clean up.
- Great for applications where paper towels are not absorbent or durable enough.
- Reduces waste, saves time and money!
