HEAVY DUTY RAZOR SCRAPER

IBS No. 16400

- **Protective cap** keeps the blade covered until it is in use. The cover then snaps on the back of the scraper to keep from losing or misplacing the cap.
- **Ergonomic grip** for better control.
- **Tough polypropylene construction** and **TPR comfort sleeve** for light-weight durability and superior grip and control.
- **No push-button slide** to expose the blade which often causes the blade to slide back when in use.
- **Includes one standard straight razor blade** for added value and allows the scraper to be used immediately.

LONG HANDLE RAZOR SCRAPER

IBS No. 16424

- **9-1/4" overall length** for added leverage and reach.
- **Ergonomic soft-touch handle** reduces fatigue.
- **Sturdy shaft** will not bend or flex during heavy-duty applications.
- **Includes one standard straight razor blade** for added value and allows the scraper to be used immediately.

PERFECT FOR HEAVY DUTY SCRAPING JOBS on GLASS, CERAMIC, PLEXIGLASS and OTHER SURFACES to remove:

- | | | | |
|---------------|------------|------------|-------------|
| • LABELS | • DECALS | • RESIDUE | • PAINTS |
| • STICKERS | • ADHESIVE | • CAULK | • WALLPAPER |
| • WINDOW FILM | • GUNK | • SEALANTS | • AND MORE |

PLASTIC RAZOR BLADES

IBS No. 16401

FOR SAFER SCRAPING & CLEANING

- Made of **durable plastic** for a sharp blade that is still soft, pliable and forgiving to prevent damage to delicate surfaces.
- **Safer to use** on areas where sharp metal blades can cause damage such as removing caulking from a tub or a decal from a vehicle bumper.
- **Will never rust or corrode** like metal blades do which means longer life.
- Ideal for use on: Plastic Surfaces, Finished Wood, Painted Surfaces, Soft Surfaces.

SINGLE EDGE RAZOR BLADES

IBS No. 16405

Use with HEAVY DUTY RAZOR SCRAPER

- Fits all standard single edge tools.
- **Double honed** for extra sharp edge.
- **Strong steel back** will not bend.
- **MADE IN USA**
