CONTRACTOR GRADE PROFESSIONAL QUALITY

- **Superior cold-weather PVC jacket** provides flexibility in freezing temperatures as low as -40°F, making unraveling and storing cords easier and faster.
- **High visibility color** improves safety and productivity, helps prevent on the job injuries — saving time and money.
- **10 & 12 GA wire** provides maximum connectivity that can handle large, industrial tools without overheating or tripping breakers.

DUAL GLOW

- **Features CGM (Continuous Current & Ground Monitoring)**, which means each female plug has a green neon light indicating ground continuity — an OSHA Safety Requirement.
- **Male plugs feature amber light power indicators**, confirming there is power in the cord for added safety.
- **2-Way, non-slip finger grips** make connecting easier and prevent faulty connections.
